Annex

Registration data on a space object launched by Germany*

UWE-3

Information provided in conformity with the Convention on Registration of Objects Launched into Outer Space

Committee on Space Research international designator:	2013-066 (The international designator is pending assignment and might become 2013-066AG.)
Name of the space object:	UWE-3
National designator/registration number:	D-R050
State of registry:	Germany
Other launching States:	Russian Federation
Date and territory or location of the launch	
Date of the launch:	21 November 2013 at 0711 hours 00 seconds UTC
Territory or location of the launch:	Yasny launch base, Russian Federation
Basic orbital parameters	
Nodal period:	97 minutes
Inclination:	97.79 degrees
Apogee:	699 kilometres
Perigee:	593 kilometres
General functions of the space object:	Demonstration of the use of a real-time miniature attitude determination and control system, and in-orbit verification of the advanced modular and flexible architecture of the pico-satellite bus
Date of decay/re-entry/deorbit:	Before 2033

* The information was submitted using the form prepared pursuant to General Assembly resolution 62/101 and has been reformatted by the Secretariat.
